

TESTIMONIES ON ANOINTING OIL

Vomited Live Snake By Mystery Of The Anointing Oil

I want to give this testimony to the glory of God. I was invited to this church as a new convert on the 19th July, 2015 for the anointing service.

For some years now, I have been experiencing strange and uncomfortable movements in my stomach. I had visited several hospitals and spiritualists, but there was still no change. I realized that it was rather a spiritual attack.

I came to this church for the anointing service and the Servant of God said "as you partake of this anointing it shall flush out every satanic poison in your system. I shouted a big amen and partook of the oil in faith and expectation. When I got home in the night of the same day, my stomach started churning and to my greatest surprise, I felt like vomiting, when I did, I vomited a live snake. I had never seen anything like this before in my life. Immediately, all affliction of my life came to an end. That was the source of the strange movements I had been experiencing which had affected other areas of my life. I have come to return all the glory to God.

18 Years Bed-wetting Healed!

I had been bed-wetting for 18 years. This was a serious concern for me. I had done all I could, but the problem persisted. It was very embarrassing for me as a lady.

When I joined this church, I re-dedicated my life to Christ and I went for the Believers Foundation Class.

When the Bishop declared the 21-day Covenant Medication, I took the anointing oil and prayed before I slept. Lo and behold, that was how God healed me of 18 years bed-wetting! I thank Him!

Rescued from Death via the Anointing Oil and Praise!

Last Friday, while at the Covenant Hour of Prayer, my son was attacked by the spirit of death. Immediately, he was rushed to the altar while Bishop David Oyedepo was ministering. We administered the Anointing Oil on him and the cell minister prayed for him. Ten minutes later, he jerked back to life. However, he could not move his body then we switched to praise. After praising God for one hour, he rose up and walked. I give God all the glory'!

45 Years Wound Healed!

Forty-five years ago, when I was in the primary school, I had a wound on my leg while I was playing football.

Since then, I had been to several hospitals and places looking for solution to this wound, but there was none.

During the last Anointing Service, I pulled off my shoes and placed my legs on the floor of the sanctuary. As the bishop was praying, he said that the anointing would work for everybody and it would wipe away every sickness in our bodies. I believed it!

By the time I robbed the anointing oil on my leg and I checked it, I noticed that the wound has gone!

20 Years Internal Heat Gone!

Ever since I started growing up, I noticed this internal heat in me. I thought it was a normal thing that would just come and go. I was present during the first Anointing Service held this year. The Bishop while ministering declared, 'That internal heat is not a normal thing. You are not returning home with it today!' The declaration hit me! I said, 'Amen!'

After taking the anointing oil, I started feeling pains in my stomach and instantly, the internal heat just left me!

Delivered from Untimely Death!

Last Saturday, I was involved in a fatal accident with my car. All I could remember was the ejection of the airbag when the accident occurred.

I was taken to Badagry Hospital, where the doctor confirmed me dead, because he didn't feel my pulse.

After three hours of being lifeless, I suddenly felt my wife applying the anointing oil on my feet! When I got up, I told them that I could not stay overnight in the midst of dead bodies!

Judging by the scene of the accident, nobody would believe that I could sleep in my house that night. I give glory to the God of this Commission for bringing me back to life!

Broken Limbs Healed and Impotency Destroyed!

As a prodigal son, I left my father's house (Winners) to a strange land in search of greener pastures. Unfortunately, I encountered and fought spiritual battles for 20 years. As a result, I became impotent and suffered broken limbs. I sought for solutions but to no avail. Later, I prayed to God and He instructed me to return to Winners. I obeyed. I also engaged the mysteries of the Communion and the Anointing Oil daily. Suddenly, to the glory of God, my broken limbs were restored and impotency was terminated. I give God all the glory!

Child Jerked Back to Life via the Anointing Oil!

For three months, my daughter was afflicted all over her body with rashes. We went from one hospital to another but the situation remained the same. Thereafter, I decided to administer the Anointing Oil. I rubbed it on her body, gave her a shot of it and the rashes disappeared. As if that was not enough, on Easter day, the devil came to take her life. While she was playing, she fell down and hit her stomach on the floor. Before we knew it, she was gone. We prayed but nothing was happening. At a point I started feeling the pains of a mother who was losing her child. I started losing hope but then, I heard a voice say to me, "You cannot give up, remember your weapon!" I got the Anointing Oil and rubbed it on her stomach, forced it into her mouth and she jerked back to life. I give God all the glory!

Janet Ezekiel

Healed of Tuberculosis!

I had been suffering from tuberculosis for a very long time. On hearing of the last Anointing Service, I was carried into the church from the hospital, because I could neither walk nor stand.

The Bishop while ministering on the anointing oil said, 'When you take a shot of the oil, the power of God it contains will destroy every sickness and disease that followed you to church this morning.' When I heard this, I knew he was talking to me!

After I took a shot of the anointing oil, I was healed! Now I can walk and stand on my own, by myself! Every symptom vanished! I thank God for my healing!

Deliverance via the Anointing Oil!

After I got married, my mother told my husband not to take me away because I was her meat. But my husband did and she said we would not succeed. Ever since, things moved from bad to worse. My husband fell ill and we had to sell almost all we had. As a result of this, we relocated back to my father's house and the curse from my mother continued. However, a friend invited me to this Church in August 2018. I came to Canaanland and God turned things around for my good. By the mystery of the Anointing Oil, a razor blade was pulled out of my husband's stomach. Since then, the siege ceased. I give God all the glory!
