

A Review of The **CHURCH FREE** **Transportation** **System**

Recently, the Lord began to speak to me concerning the need to review our current platform of Free Transportation of members to Church, looking forward.

As we all know, change of approach is the way God moves His people forward, “you have gone round this mountain long enough, it is time to make a turn” — *Deut. 2:3*

Reasons for the review as prompted by the Holy Ghost are as follows:

- 1. We must not rob God’s people of covenant responsibilities that secures our redemptive dignity. When we continue to carry to Church for free, those who can pay their way and even help others, it is robbing them of the opportunity that would pave their way forward in terms of blessings, liftings and enlargement as many are enjoying today as validated by their testimonies.**
- 2. We are called to press our way to our inheritance in the kingdom just like the woman with the issue of blood did and we saw how she experienced a supernatural change of story — *Luk. 8:40-48/Luk. 16:16***
- 3. In this prophetic year of explosive church growth, which is ordained to command more than double dimension of growth in this Church this year, the current arrangement will become much more unbearable, in terms of stress on management.**

4. Looking forward to the completion, dedication and commencement of worship at the ongoing Ark Legacy Project. To move tens of thousands of worshippers at a time, per service will be most challenging for our operators and stressful for management.
- ✓ In addition, as the Ark opens for worship, tourists from both within the country and around the world, shall start coming in droves to see the great works of God in the midst of a depressed economic, and we may start carrying tourists about, thinking we are carrying worshippers!
5. As we all know, God hates waste, we saw Jesus commanded His disciples after the miracle of feeding five thousand men, without women and children, saying "Gather up the fragments that remain, that nothing be lost." — *Jhn.6:12*

In the light of the above, from Sunday, January 15, 2023, the central free transportation Program for worshippers shall no longer hold. Meanwhile all the loading bays across our WSF network in Lagos and Ota shall continue to function through the arrangement of our various transport operation. Consequently, worshippers shall be required to pay their way to and from Church. To this end, transportation seeds shall no longer be taken, while everyone member takes responsibility to be their brothers' keeper in ensuring that all who require assistance, including their new converts and new members get to Church by making provisions for them directly and where required, to contact their Zonal transportation officers for necessary assistance.

I therefore, welcome you to the responsibility-boosted covenant highway of life in the name of Jesus Christ.

Jesus is Lord!
