# Divine Intervention Testimonies

## **My Family Change of Story Testimony**

I joined this Church in the year 2015. I was looking up to God for a change of story in my family. There is no year we don't do a burial and sometimes two and mostly it is youth burial. The highest is 50 years of age. It got so bad that a neighbour told me one-day "Is it only burial you do in your family no celebration" I was ashamed. Also, we experience marital delay in my family. For my 30yrs on earth only one person has ever gotten married both my paternal and maternal side. So many educated and pretty ladies yet no men. I keyed into the prophetic declaration from God's servant on my family and then the marital doors opened. Today, I and my siblings are all married. Seven (7) of my cousins got married too. From that time till now, we have not done any burial again. I thank the God of this commission for changing our story.

## **Whole Family Healed of Tuberculosis!**

"My wife and I suffered from tuberculosis, and it was later passed to our three children. We couldn't sleep every night because we vomit all night. We lined towels around our bed and vomited blood and all manner of things. As a result of this disease, we lost so much weight.

Then, a friend gave me the book, The Healing Balm by Bishop David Oyedepo. I read it and was inspired by some of the testimonies in it. Thereafter, we came to Faith Tabernacle for service. My wife and I sat together, so that when we start coughing, people would avoid us. Shortly after, I realized that we hadn't coughed for about 30 minutes. That day, we received our healing without meeting anyone to pray for us. Since then, the cough ceased! We give God all the glory!" — Akintunde, M.
