

mum and my younger brother. She said my brother is dead that they have gone out to look for ambulance to take him to the mortuary. I rejected it that it is not our portion, they took me to the ward where his corps was, when I got there, immediately I brought out my mantle and placed it on his head, I opened the anointing oil and poured it in his mouth but his teeth were already joined together. The doctor that was there asked me, girl what are you doing there? Or which church are you coming from? I told him I am not here to answer questions. I opened the anointing oil again and pour half of the bottle into his mouth and started praying. Brethren, it was not up to 30 minutes that the anointing oil entered his mouth that my brother jacked back to life! Today, He is alive here, healthy and have come to give God all the glory! – Chukwuemeka Gift (2019)

Dead Jerked Back to Life via Kingdom Mysteries! (Through the Mystery of the Anointing oil and prophetic Mantle)

'My wife was due for delivery on March 28, 2019 and during her pregnancy, there were no issue. However, on the day of delivery, she could not deliver the baby by herself. After she laboured for three days, she was referred to another hospital. When we got there, the doctor said that she would deliver through caesarean operation. But during the operation, she passed on. We prayed, anointed her, tied the Mantle round her hand and she jerked back to life after three hours. After delivery, the doctor said the child and mother were fine, and they were discharged. A day to our baby's naming ceremony, we discovered she could hardly breathe. We took her to the hospital and the doctor said he could not handle her case. We were referred to another hospital and after she was rejected by three different hospital, we got to LUTH and they ran some tests on our baby. When the results were out, the doctor said she had kidney problem and I rejected the report. During the *Liberation night*, I brought her picture to church and during the praise session, I danced like a mad man. In that service, while Bishop David Oyedepo made declarations, he said, "Every dead or dying organ in your body bounce back to life!" he also said, "You will not bury your children and no one shall die young in your

family!" I received those words. That same day, I went back to the hospital and anointed her. The next day, they ran some test on her. Lo and behold, when the results were out, the doctor said everything in her body is normal and she was discharged that same day!' I give God all the glory!' –Mr. and Mrs. Innocent Aboyi. (2019)

Child Jerked Back to Life (Through the Mystery of the Anointing Oil!)

'For three months, my daughter was afflicted all over her body with rashes. We went from one hospital to another but the situation remained the same. Thereafter, I decided to administer the Anointing Oil. I rubbed it on her body, gave her a shot of it and the rashes disappeared. As if that was not enough, on Easter day, the devil came to take her life. While she was playing, she fell down and hit her stomach on the floor. Before we knew it, she was gone. We prayed but nothing was happening. At a point I started feeling the pains of a mother who was losing her child. I started losing hope but then, I heard a voice say to me, "You cannot give up, remember your weapon!" I got the Anointing Oil and rubbed it on her stomach, forced it into her mouth and she jerked back to life. I give God all the glory!' –Janet Ezekiel (2019)

Dead Jerked back to life (Through the mystery of the Anointing Oil!)

"In the early hours of January 17, 2019, my neighbour died. I called on the God of my father, Bishop Oyedepo, in prayer. I anointed her and poured some in her mouth. After two hours, she jerked back to life. I give God all the glory!" --James Abodunde (2019)

Dead Brought to Life after two days (Through the Prayer of Faith)

"I received a revelation from God to lead my brother, who resides in Agbor, to Christ. I obeyed! Two weeks later, I received a call that my brother who was travelling from Asaba to Abuja was involved in an accident. As a result, all the 18 passengers died and were taken to a mortuary in Kogi State. As I received that message, I called the woman that my brother was going to visit in Abuja, to go to the hospital and tell them to bring him out of their mortuary because he was not dead. About 10 minutes after they brought my brother from the mortuary, he started moving his body. That was

how he was wheeled to the theatre for the doctor's attention. The doctor later called me and said that he wanted to know who I am. I told him I am a child of God and a son of Prophet David Oyedepo.

Today, my brother, who slept in the mortuary for two days, Saturday to Monday morning, is alive. I give all the glory unto the name of the Lord!" --- Wisdom Ngele (2009)

12. Dead but brought to Life! (Through the mystery of the Anointing oil and the Communion)

"On June 30, 2014, my wife was due for delivery in the United States but was scheduled for two major surgeries namely: Hernia repair and Caesarean Section (CS).

The CS was successful as the baby was delivered without complications. However, as soon as the Hernia operation started, my wife bled profusely. She then screamed that she would die. I rebuked that statement and said she would not die but live to enjoy the blessings of the Lord in our lives. Meanwhile, the nurses rushed her to the Intensive Care Unit and later confirmed her dead. She died in the hospital for seven hours, 30 minutes.

Immediately, the Zonal Pastor came to the hospital with the Bishop's photograph, mantle and the Communion. First, she placed the Bishop's picture on my wife's head, placed the mantle on her stomach and anointed her body. Thereafter, she gave me the Communion to drink on my wife's behalf since we were one flesh and believed she would experience the resurrection power of Christ.

At that moment, the medical team left the ward because they were discouraged and tired of the whole situation. But through faith, we engaged in praise and worship for seven hours 30 minutes and as we did, the power of God surged into her body and she came back to life. We give God all the glory!" ---Austin Joseph (2014)

Dead Father Raised After 30 Hours! (Through the Prayer of Faith)

"At about 1:30 p.m, I received a call that my father was dead. However, I rejected the report because I am a covenant child of Jesus Christ.

I called the rescue line of the church and one of the pastors prayed for me. I keyed into the testimonies on the lives of those who were dead and raised back to life in church.

Meanwhile, Bishop Oyedepo has declared on Sunday, 'The least year

everyone would stay on earth is 120 years.' That declaration hit me!

At the end of that service, I laid down on behalf of my lifeless father at home, declaring the prophetic word from the Bishop. The next day, I called him, but he was still dead.

At about 1:30 p.m., I placed another call and it was my father that answered. After 30 hours, he was brought back to life! He is well and healthy! I bless the name of the Lord!”---Clement Kelechi Ugorji (2011)

**14. Child Jerked Back to Life.
(Through the mystery of the Anointing Oil)**

'Last month, at 1:30 a.m., my friend's daughter was brought to my house after she had been confirmed dead by three different hospitals. I emptied the Anointing Oil in her mouth and she jerked back to life. Secondly, a seventy-six-year-old man beside my house had not been able to excrete for almost a week. However, I told my children to administer the Anointing Oil to him, they did and the he was able to excrete. Lastly, daughter was involved in an accident, but she survived. I return all the glory to God!' -Vianu Mercy(2018)

15. Death Raised Back to Life

child and her parents to this church. To God alone be all the glory. Dcns. Ojo J.O(2018)

**DEAD CHILD RAISED BACK TO LIFE
(Through the prophetic Mantle)**Early Wednesday 9th October, 2013 at about 3:30a.m., my younger brother came home. Usually, this is the time when I prepare for my morning fellowship with God which begins by 4:00a.m. He told me that my sister's child was dead. I quickly prepared myself and followed him to the house. People were already there crying and her husband was lying on the floor devastated.The Holy Spirit then ministered to me that the child was not dead. When I told them that the child was not dead, the husband who is a medical doctor and an unbeliever insisted that the child was confirmed dead. I then took the child's hand and started praying in the Spirit. I discovered that his heart was still beating but the doctor said his brain was dead. So I asked the doctor that in his capacity as a medical practitioner is it the brain or the heart that determines the life of a man?

As I was praying in the Spirit, I said to the Holy Ghost; “if this child

“I was born into an orthodox church background. But sometime in June 1999, my wife convinced me that we should become members of the Winners' Chapel. We joined the church, and to God's glory, there have been a lot of victorious testimonies for us. The most stinking of them all is what happened to me in March.

I had to travel to Abuja on March 2. But before I left home, I prayed with my family. While traveling, on getting to somewhere between Lokoja and Okene, I ran out of fuel. I then decided to park at a filling station in Lokoja, pass the night there, and then look for fuel the following day.

During the night, a trailer carrying a container drove towards where I parked at the filling station. The container fell off the trailer and crushed my car, trapping me in it. It smashed it so much that I couldn't be removed. I was trapped in the car between 3:00 a.m and 9:00 a.m., when the rescue team came. I was certified dead at the accident scene.

The container did not only smash my car, but also hit another stationary vehicle that was carrying 18 passengers and the driver. Everyone in the bus was killed. We were all

Summit tape wrapped round my arm, like a bandage. That was the only part of my body that had no scar from the accident. The doctor said I was to remain in hospital for three months. But after regaining consciousness, I prayed to God, saying, 'If truly I'm serving You, I want to leave Abuja today and return to Lagos.' I don't know where the strength came from, but I found that I was hale and hearty to leave Abuja for Lagos!" --- Obaro, M. O.(1999)

The Child Came Back To Life! (Through prophetic Intervention)

"About three Sundays ago, when we woke up in the morning, we noticed that my baby was running a very high temperature. Then we gave her paracetamol, and we took her to church.

On our way back, the high temperature worsened and resulted to convulsion. As we were praying in the bus, I saw this child change. She stretched her neck, turned her eyes and she was gone!

But we were favoured, because there was a Zonal Pastor in the bus. Then he took the child from me, pressed her to himself and began to rebuke the spirit of death.

Everyone in that vehicle roared like lion, chorusing, 'Never!' The devil just came to attack my faith, by showing me a grave and asked, 'Where are you going to bury this child again?'

Then I quickly ran through the 26 prophecies of the year. I discovered that there was nowhere God said I would bury my baby.

Then I reacted angrily and said, 'Devil, you lied. It's not there. I cannot bury this child!' Immediately, my faith rose up. I said, 'God what do I do?' He came to me from Psalm 24:1, which says, *the earth is of the Lord and the fullness thereof*. It dawned on me that the devil had no right to determine where my child would be buried or when my child would die!

Then my faith came strongly. I began to make prophetic declarations. I asked, 'God what do I do?' He said, 'Remove your shoes and stand on the earth and begin to declare the name the God of Bishop David Oyedepo.'

As I was doing that, the pastor was praying with the other people. At appoint, he told them to stop praying and switch over to praise.

As they switched over to praise, I

was there declaring the name of the God of Bishop David Oyedepo to show Himself. Just within few minutes, the God of Bishop David Oyedepo showed Himself! This child with me, here, came back to life!

Since then, she has been strong! I thank God! We have come to return all the glory to Jesus!"—Nkembuonwor, C (2013)

Dead Came Back to Life! (Through the mystery of the Anointing & prophetic Intervention)

"During the 21 days of prayer and fasting last year, the Bishop said, 'Everyone should praise God like never before.'

When I got home, as an electrician by profession, I remembered that I was asked to repair some electrical faults.

While contemplating on what to do first: the praise or the electrical fault, my neighbours called me to separate two electric wires that were about to fuse together. I got a ladder and went with them to start the job.

There were three stages for this repair. I had started stage three, not knowing that the ladder I was standing on had a rod, which was connected to the neutral wire on the pole. As I placed my hands on the red face, I was electrocuted!

Everyone that held the ladder took to their heels. I could feel life draining out of me. I could not speak. When I managed to speak, I shouted, 'Jesus!' Immediately, a mighty force came from nowhere and dropped me from the ladder.

When the people that held the ladder saw what had happened, they ran back to take me to the hospital. I told them not to! Meanwhile, I had turned white from the shock. They carried me home. When I got home, I discovered that my backbone was broken due to the fall I had. I could not walk.

So, I took the anointing oil, anointed myself and I began to praise God. Immediately, my eyes that were sealed from the shock opened up!

On Monday, I was about to die. As I wanted to call people to take me to the hospital, I changed my mind again, and I didn't them. I said, 'Lord, You are the One that rescued me. You are enough to heal me.'

As I was praying, the Holy Spirit opened my eyes and I saw the Bishop in a trance. I managed to crawl to where he stood and touched him. As I

touched him, I said, 'Lord, except your servant is carrying any pain, that is the only reason why this pain will remain.'

When I woke up, the following morning, I felt a cool sensation around my body! I tried to sit down on the bed, I sat! As I tried to walk, I walked! Glory to God!" –Feyintola, K. J. (2013)

Dead Brother Back To Life! (Through the mystery of the prophetic mantle)

"I am from Winners' Chapel, Manchester. Last week Monday, the one before Easter, my brother's wife called me at midnight saying that my brother was sick.

She said he could not even speak again, and that he was already gone.

The Sunday before that Monday, the Bishop had declared that we won't bury any of our loved ones. So, when she was saying that my brother was gone, I was confident that he would not die.

The following morning, I went to the hospital where he was with my anointing oil and mantle. I knew his case would only take God.

At the hospital, I saw members of my family who are men. I asked for their help, because I needed to anoint him from his head to toe; they helped me and I did it.

I brought out my mantle and placed it on him, called on the God of Bishop David Oyedepo, thanked Him and I started praising Him.

Not quite 30 minutes into the praise, my brother came back to life, started praising God with me and said he was alive!

The doctor then said we should take him to the Specialist Hospital in Abeokuta. I replied that the specialist was already in his case. However, we took him to Abeokuta to fulfill all righteousness.

To the glory of God, he was discharged on Tuesday hale and hearty! I bless the Name of the Lord!" -- Elder Lara, I. (2013)

Dead Baby Back To Life & Fractured Hands Healed! (Through prophetic Intervention)

"On December 1, 2011, we were traveling to Kogi State. On getting along Owo Road, our car was involved in a ghastly accident.

My baby boy passed out immediately. I looked beside me

again to notice that the boy had died. When I came out of the car, they tried carrying him away. I refused, and I told them to leave him alone.

There and then, I said, 'God of Oyedepo, this boy will not die. I left home with a live baby, I will not go back with a dead one.' After five minutes, David came back to life!

In the course of the accident, I sustained fracture on my two hands. Medically, they said I was going to be placed on the *Plaster Of Paris* (POP) for a year. Also, they explained that because of my age, the fractured hands were not going to heal on time.

My husband continued serving us the communion everyday, before the 21 days of fasting and prayer was declared. As fasting period was about to start, I decided to participate fully.

On the 15th day, my two fractured hands were healed! Now, I can lift them with no pains! I want to thank the God of this Commission who delivered my son and me from death! Praise the Lord!" -- Dcns. Peculiar, K. (2011)

Dead Daughter Raised Back To Life! (Through the prayer of Faith)

"Last week Saturday, my family and I were getting ready to travel to Ondo State, when the Holy Spirit ministered to me to sprinkle the Blood of Jesus on my car before going.

I obeyed, and then asked the Holy Spirit what to do next. He told me to sprinkle the Blood on my daughter and I did.

While on the road, my daughter said to me, 'Daddy, look at my body.' I touched her and said, 'You are okay in Jesus' name.' But, a few minutes later, my sons started shouting, saying, 'Daddy, look at Tomisin, she is no more breathing! She is lifeless!'

When I parked the car and carried her, there was no more life in her! She was dead! I said, 'God, you have promised me that I will not bury any of my children this year!' Then, He replied and said,

'Call upon the God of your father.'

Then, I prayed, 'God of Oyedepo, come and raise this girl up! You said in the beginning of this year, that I will not bury any of my children.' Immediately after I said that prayer, my daughter jerked back to life! I give God the glory, for delivering my daughter from the spirit of death!" -- Bro. Oni, A. (2012)

Dead Man Jerks Back To Life! (Through prophetic Intervention)

"On my way to work, last Friday, my neighbour offered me a ride. On our way, we saw another neighbour of ours, and he picked her as well.

We were stuck in a traffic jam on the road, so we were moving at a very slow pace. All of a sudden, my neighbour, who was driving, began to shout. We were scared; I said, 'Daddy, what is it?' He couldn't talk or move; he was unconscious.

We started crying. I prayed, but nothing happened. After some time, people noticed that our car was no longer moving, so they came to find out what was happening. But by that time, he was already dead!

We didn't know what to do. They brought him out of the car and laid him on the ground. At that moment, something struck me. I remembered that I had the Bishop's picture on my phone.

Immediately, I brought out my phone and scrolled to the folder where the Bishop's picture was. I placed it on the man's chest and started shouting, 'The God of my father, Bishop David Oyedepo, show up!'

Immediately, I saw the man jerk back to life. Praise the Lord!"--Sis. Patience, W. (2012)

Rescued From Death! (Through the Prayer of Faith)

"On the day we were to have the Blood of Sprinkling Service, my wife called me and said that my daughter was ill, and she had taken her to the hospital. I told her to go back home, because the Bishop had instructed that everybody

must be in the service.

After the Blood of Sprinkling Service, I took her back to the hospital. On Saturday afternoon, my daughter's condition worsened. Suddenly, her eyes turned and she became unconscious. She was put on oxygen. But she had passed out!

Immediately, the Holy Spirit began to scan scriptures in my mind: Revelations 1:18, which was the same scripture the Bishop used, when his daughter was attacked by the spirit of death.

I began to confess what the Bishop confessed that, 'Jesus has the key to death and hell and He never used it against His people.' The Holy Spirit showed me in John chapter 1 verse 5, that *the light shineth in darkness and darkness comprehended it not.*

I began to confess and say, 'Death you are too weak to take my daughter, because you could not handle Jesus even after three days in the grave. You could not handle Lazarus, even after four days.'

Immediately I said that, she sneezed twice and came back to life. Glory be to God!"--Mr. & Mrs. Oluwaseun, O. (2012)

Dead Brought To Life (Through the Mystery of the anointing oil and flyer)

"On April 23 after the Tuesday prayer meeting, the Zonal Minister and I stayed back to pray for 30 minutes.

While we prayed, a child who accompanied her mother for the meeting was knocked down by a motorcyclist (*Okada*) on their way home. The motorcyclist ran over her back and sped off. She was rushed back to the Zonal centre, lifeless!

I carried her and prayed, but she died in my arms. I picked a flier with the Bishop's picture, placed it on her chest and said, 'God of Oyedepo, you will not disappoint us.' I also poured the anointing oil in her mouth and anointed her head as well.

While the flier was still on her chest, I held her in my arms and kept calling on the God of Bishop Oyedepo. Few minutes later, I noticed she moved one of her legs. So, we rushed her to the hospital.

On our way to the hospital, she jerked back to life! When we got to the hospital, the girl began to walk! I give all the glory to God who did not disappoint us!" ---Sis. Debby, E. (2015)

Dead Back To Life! (Through the mystery of the anointing oil)

"On May 26, after my family's morning devotion, my husband left for the first service. My children and I were about leaving for the second service, when my son called out that I should hold his neck.

I rushed to grab him but before I knew it, he was dead! I anointed and gave him the communion, yet, nothing happened. I asked my daughter to open the gate so I could call out to our neighbours.

They too tried everything they could to no avail. At about 6:30 a.m., he was confirmed dead. We took him in, awaiting the return of my husband. I started declaring that the God of this Commission would not fail me. I said, 'God, if you are the God of Bishop David Oyedepo, and you are the One who called him, my son must come back to life.'

Then, I called my son forth and he came back to life! When he awoke, blood was flowing from his mouth, so he was rushed to the hospital. Few minutes later, he gave up again!

The doctors opened his mouth with a spoon, while I anointed and prayed for him. The doctors confirmed him dead, but the God of Oyedepo brought him back to life! Today, he is alive and well. I give God all the glory!"--- Stella, A. (2013)

Dead Baby Jerks Back To Life! (Through the mystery of the anointing oil and prophetic intervention)

"My baby was sick for three days. We took him to two private hospitals. They were treating him, but he was not responding to the treatments.

We took him to the third hospital, where they placed him on oxygen, to breathe. By 6.00 p.m. on Saturday being September 1, the baby died! The doctor told me to take my dead baby away, as he had done all that could be done. I rejected his report. My sister carried him on her back and we left the hospital.

On our way, the Holy Spirit said to me, 'Are you not a winner? Why are crying? This baby is not dead! Prophecy life to him and he will jerk back to life.' So, I began to prophesy. I placed the photo of Bishop and his wife on his head. I also anointed him. I prayed and said, 'God of Bishop David Oyedepo, rise and fight this battle for me.'

Low and behold, the boy jerked back to life! Today, my son is awake; he is alive and well! Praise the Lord! ---Comfort, A. (2013)

Delivered from Untimely Death! (Through the mystery of the anointing oil)

"I joined this Commission in September 2007. Last Saturday being April 19, 2014, I was involved in a fatal accident with my car. All I could remember was the ejection of the airbag when the accident occurred.

I was taken to Badagry Hospital, where the doctor confirmed me dead, because he didn't feel my pulse.

After three hours of being lifeless, I suddenly felt my wife applying the Anointing Oil on my feet. When I got up, I told them that I could not stay overnight in the midst of dead

bodies.

Judging by the scene of the accident, nobody would believe that I could sleep in my house that night. I give glory to the God of this Commission for bringing me back to life!" --- Oguntoyinbo Oladele(2014)

Dead Jerks Back To Life! (Through Prophetic Intervention (flyers)

"I was a Muslim before God brought me into His marvellous light. During the month of Signs and Wonders, the Bishop said in a service that while we go about preaching the gospel, the Lord would confirm His Word with signs following and that by our hand, the dead would rise. I shouted, "Amen!"

Last Friday, during one of our outreaches, we got to where we usually rounded up to give God thanks and behold, a man laid dead in a pool of water. People stood in clusters and the police was also there.

When we drew closer, a voice said to me 'Jesus raised Lazarus from the dead.' Then, my faith became strong. I told my evangelism team to gather around him and they did. I still had some of the flyers we shared—*three months turnaround testimonies and striking encounters with the God of liberation*. So, I placed them on his chest and the one on *Jesus heals the sick*, I placed in-between his toes. We gave God thanks because Jesus gave thanks. Behold, the young man jerked to his feet. After the ministration, he gave his life to Christ. He is currently in Word of Faith Bible Institute (WOFBI) for the Basic Certificate Course (BCC). We give God the glory!" --- Abraham Adams(2015)

Dead Baby Back To Life! (Through the mystery of Praise)

"I joined this Commission in 2007. On December 20, my wife was scheduled for a caesarean section. After the operation, the
