Supernatural Turnaround Testimonies

From the Thought of Suicide to a Prosperous Life!

"I joined this Church on the invitation of a brother. I had contemplated suicide before this time because I was fed up with life. At the age of 40, I was not married, and was jobless for 6 years. Nothing was working in my life. When that brother met me, he gave me a tract to read and told me that my life will never remain the same again, if I attended the service. I believed him. He then invited me to the Winners' Satellite Fellowship (WSF), which I attended. After the Bishop's message that Sunday, he made an altar call and I gave my life to Christ. On getting home after the service, things started changing for good in my life. On Monday, February 29, I received a call after several missed calls from the same caller. It was a company I applied to over four years ago and I was invited for an interview. Out of every one interviewed, I was the only one employed. I was given a very good package and an official car. The God of Winners has transformed my life

and I will follow Him till the end!"

God Has Turned Me from a Beggar to a Giver

I have come to return all the glory the God of this Commission for His fearful favours upon my life. I gave my life to Christ and joined this church March 2016 empty, naked and totally directionless and extremely broke. I plugged in fully into all the instructions of this altar by praying minimum one hour everyday and going for outreaches. From a mere house agent that hardly gets deals or what to feed on, God has turned me to a developer. I have 3 houses of my own that I am building, 2 cars of my own, fearful financial favours from people I barely know. In fact, I cannot tell it all! He has done for me exactly what the Bishop said the very day I joined this church. "What the labour of 50yrs cannot give you, you will experience it this year. This year is like 50years packed together. Thank you Father for taking away my shame and reproach from my life!"
